

# SUBCONTRACTOR COMMUNITY OUTREACH EVENT

## MCKENZIE HEALTH SYSTEM

On behalf of McKenzie Health System (MHS), The Christman Company, construction manager at-risk for the McKenzie Health System's Chrysalis Project – A Replacement Hospital Facility in Sandusky, MI, is hosting a contractor outreach and informational meeting for interested bidders.

The Project includes the development of a new site at 465 Sanilac Road with all site development including utilities, grading, and drainage. Once the site is developed, a new single-story replacement hospital facility of approximately 65,000 gross square feet will be constructed. A free-standing maintenance facility will also be constructed.

The project is seeking qualified bidders from the local area:
